

Foreword

DRI's *Insurance Policy Rescission Compendium* is a joint project between the DRI Insurance Law Committee and the DRI Life, Health and Disability Committee and combines the experience of a talented group of attorneys who regularly litigate and advise clients on issues relating to rescission of insurance policies.

This compendium, which surveys the law on insurance policy rescission in all 50 states, the District of Columbia, and 10 provinces in Canada, is a comprehensive resource for insurance carriers, claim professionals, defense and coverage counsel, and the judiciary. Under the leadership and vision of Editors-in-Chief Nicholas J. Boos, Sarah J. Delaney, Kristen M. Horne, and Jonathan L. Schwartz and the dedication of numerous attorneys with extensive knowledge of the subject matter, this compendium has been thoroughly researched and carefully written to enable readers to successfully analyze and tackle insurance policy rescission issues. Mr. Boos, Ms. Delaney, Ms. Horne, and Mr. Schwartz have dedicated countless hours from the inception of this project through publication to ensure that the compendium is an indispensable tool.

The DRI Insurance Law and Life Health and Disability Committees extend their deepest thanks to Mr. Boos, Ms. Delaney, Ms. Horne, and Mr. Schwartz, the regional editors, the statute authors, and the staff of DRI's Publishing Services Department for devoting their time and extensive knowledge to the creation of this compendium.
