

**DRI ANNUAL PROFESSIONAL
ACHIEVEMENT AND SERVICE AWARDS**

NOMINATIONS DUE JULY 1, 2026

DRI'S ANNUAL PROFESSIONAL ACHIEVEMENT AND SERVICE AWARDS

Celebrate and honor outstanding performance by state, local and national defense organizations (SLDOs/NDOs), DRI law firms, and individual members.

These awards identify your peers who deserve recognition either for their professional contributions to, and achievements on behalf of, the defense bar and the civil justice system, or their involvement in community and public service activities that have a positive impact on society at large.

Recognition enhances members' personal growth and accomplishments, provides us all with role models, and strengthens members' images in the legal and business communities and with the general public. Please read this nomination brochure and honor your organization and members with a nomination. We encourage you to submit an entry for each award.

Winners will be announced at the 2026 DRI Annual Meeting in Washington, D.C., taking place October 21-23. In addition, DRI will recognize award recipients in *The Voice* and through a news alert on DRI.org.

CRITERIA

The nominee must be the author of a feature article in *For The Defense* or *In-House Defense Quarterly* published since the beginning of the prior calendar year of the awards cycle. The subject matter of the article should be of current relevancy to the practice interests of DRI members, containing fresh and imaginative ideas, be well-researched, and presented in a lively writing style.

SELECTION PROCESS

The pool of articles up for consideration comes from the previous year's publications, with content published since the beginning of the prior calendar year of the awards cycle. The editors of *For The Defense* and *In-House Defense Quarterly* and the Executive Department consider the following factors: relevancy of subject matter to the interests of DRI members; current importance of the topic; fresh, imaginative ideas from the author; depth and quality of research; organization of material; writing ability; interesting writing style; and feedback from the readership. Some consideration is also given to each author's level of activity within DRI; virtually all of the nominated authors are individual members of DRI. Typically, between six and eight articles are nominated. Complete copies of the nominated articles, along with brief summaries, are presented to the DRI Officers on or around July 1 for selection of the award recipient.

Recommendations for nominees are welcome and should be **submitted via this form** by July 1, 2026.
