

DRI Member Raising Funds to Support Armenian Orphans

DRI member **Seta Accaoui**, an associate of CMBG3 LLC in Irvine, California, and friends have joined efforts to support some of the most vulnerable occupants of Lebanon: Armenian orphans in Anjar, who have now survived a global pandemic, an economic crisis, and most recently an explosion that rocked the country. The damage inflicted is significant and the two orphanages that Seta and friends are campaigning for are in need of urgent financial assistance. The **Armenian Evangelical Boarding School (AEBS)** in Anjar houses social orphans: children whose parents do not have the resources to properly care for them. **Cardinal Aghajanian Orphanage (CAO)** houses orphaned boys from the Armenian community in Anjar, Lebanon. Over the next two weeks, they aim to raise \$5,000 for AEBS and CAO. To give back for your charitable contributions, Seta is offering mentorship, resume review, or interview preparation assistance for you or anyone you know who is interested in pursuing a legal career. Seta can be reached on [LinkedIn](#) or through email (saccaoui@cmbg3.com), and would truly appreciate a share to help spread the word. To donate, [click here](#). Thank you!
